RE: Billing for Plan Review and
Construction Permit

Dear Mr. Boyce:

Included in the FY1984 appropriation request of the Utah Department of Health, Division of Environmental Health was a proposed schedule of fees. This was included pursuant to Legislative Intent language and Utah Code 26-1-6 Annotated. The proposed fee schedule was approved by the 1983 Legislature, with modifications made by the 1986 Legislature.

The fee schedule includes a \$100.00 filing fee and a charge equal to the Bureau of Water Pollution Control's actual costs for plan review and issuance of a construction permit. It is Division policy to charge either the filing fee or the actual direct costs plus 7%, whichever is greater. The billing for your recently issued construction permit is enclosed. Please remit \$178.57 to:

Utah Bureau of Water Pollution Control
P.O. Box 16690
Salt Lake City, Utah 84116-0690

A copy of the Division of Environmental Health's Fee Schedule has been included for your information. If you have any questions please contact Mr. Don Ostler at (801) 538-6146.

Sincerely,

ak

*7% INDIRECT COSTS AND 31% EMPLOYEE BENEFITS

**TOTAL COST - INDIRECT AND DIRECT - OR \$100.00, WHICHEVER IS GREATER.
LESS FILING FEE RECEIVED

The "Actual Direct Costs" will include every employee's time spent on the review. (Accumulative hours spent at the employee's hourly rate). Also included in the costs will be 29% of the wages for fringe benefits, any long distance telephone calls, any necessary travel and per diem, and photo-copy expense.

The additional 7% of salaries and fringe benefits represents these costs which can not be directly associated with the cost of plan review, ie building rent, office supplies, etc. The percentage was determined from the '82 July 'Old' Budget Operating Report. These fees would not be assessed to sister state agencies or any political subdivision of the State of Utah.
